Flying at Cochiti Lake

PRESIDENT'S CORNER

"Da Prez Sez"

August went by sort of fast, with lots of good flying days. Flying at Cochiti was fun also as it has been calm every time we went there. Thanks to Vic we got in some indoor flying also with good turn outs. We do appreciate his effort in getting us flying time at Starr Center. Don has been real busy getting some new members thru the difficult times of constructing and flying RC aircraft. Next meeting will be our last at the field, as we move indoors for the winter, see U all then.

Coming Events

1. Club Meeting 5 Sept @ 10am.
2. Cochiti Float Fly 3 Sept See separate mailing.

Precision Aerobatics

A Company going the Extra Mile.

by Don M.

I had been waiting to buy a Precision Aerobatics Katana for about 4 months. I sent the company an email asking when the plane may be available. The Precision Aerobatics team sent a very nice email saying they knew they were out of stock but that they had them in their world wide warehouse in Australia. They offered to send me a plane from Australia, at the same shipping cost as ordering from the US Warehouse. I agreed and they shipped the plane on a thursday night our time, The plane arrived at my home the following Wednesday. It took longer for a cable I sent to Rick Svitzer by US Mail to arrive in North Carolina.(3 Weeks total) The bottom line is that Precision Aerobatics us a company that takes customer satisfaction seriously. Thanks to the team at Precision Aerobatics for making the extra effort.

Time to float fly at Cochiti Lake.

by Don M.

This Thursday the 3rd of September leaving Alsups at 528 and Ridgecrest Road at 0800. We have had between 5 and 9 club members attend our float flys' through this summer. We take our float planes, chairs, drinks and head on out. The weather at Cochiti has been great all year. Calm in the morning and the wind usually comes up around 1:00 in the afternoon. We bring some dogs and all the fixins, Ken has a portable BBQ and does a fantastic job of cooking them to everyones liking. If you have any questions give a call or email to Ken French, or Don and we'll be happy to answer your questions or help you get a plane ready for the lake.

MEETING MINUTES

Minutes from the August 2015 Club Meeting

The august meeting was cancelled; therefore, there are no minutes.
