PRESIDENT'S CORNER

"Da Prez Sez"

Wind, wind, wind, will it ever stop. Things are a little mixed up this season, we had much better flying conditions in Feb, than now. Let's hope that May will bring us some better flying days. Those of us that went to Cochiti float flying enjoyed one of the best flying days of the season so far, with little to no wind at all and calm water. Everyone had a great day. Cleanup under the fence went well, cool weather, no rain, and a good turn out helped in making short work of the cleanup. Thanks to all that helped.
