Cochiti Lake Float Fly

PRESIDENT'S CORNER

"Da Prez Sez"

Monsoon season is upon us with some crazy weather. We get cool breezy mornings, hot afternoons and windy showers in the evening. If you don't like what is happening now wait a while and see what will happen next. Our last trip to Cochiti was one of the best yet it was calm and hot all morning. The lunch was excellent, and thanks to those who brought cover we had some nice shade.

A good turnout for Mondays Star Center indoor flying made it a good time for all who flew. Thanks Vic. Flying Sat but no formal meeting with a large number of members away on vacation and other summer things to do. We will meet in September. See you then and on Model Aviation Day also.
