Night Fly
at Waterman Field

PRESIDENT'S CORNER

"Da Prez Sez"

It looks like the seasons are changing, but I am sure we will have some nice flying days during the fall. We might get in a couple of trips to Cochiti. This summer Cochiti was one of the calmest places to fly. The food was good also. With shorter days and the time change coming mornings at the field should be a good time to fly. Don't forget meetings are indoors for the fall and winter. hope to see you all there as we will have a lot going on.

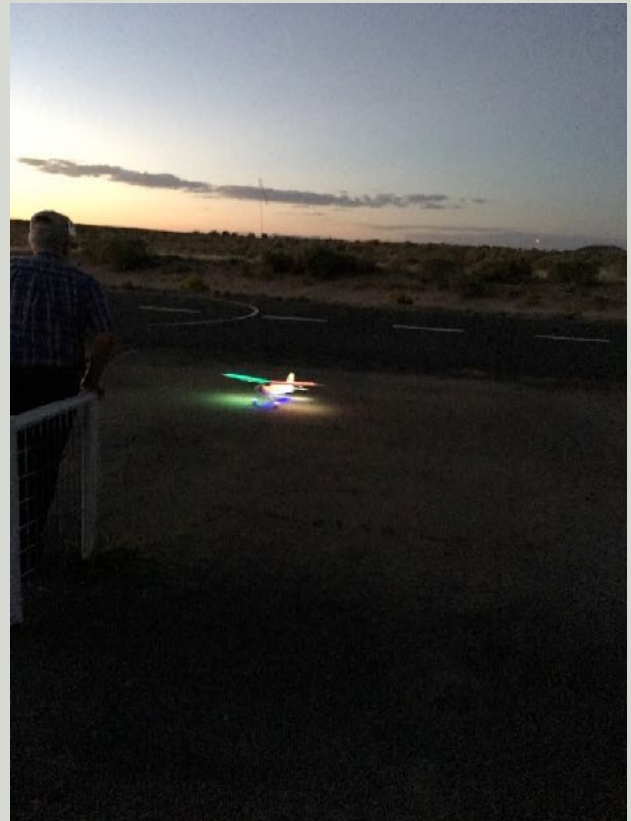

Coming Events

1. Next Meeting 1 October 7:00 pm at the Wallen Club House.
2. Nominations for Officers opens at this meeting.
3. Trash Clean Up around field Sat 29 Sept 0900
4. Time to pay your dues to our Treasurer Bill Ryan

NIGHT FLY

by Don McClelland

The club held a night fly on Saturday Sept 8th. Doug Williams took the role of Head Cook, Don got the rest of the supplies together. Doug made 3 kinds of pulled pork, Kailua, Bourbon and Salt/Pepper. We also had Corn Potato Salad and some great deserts. There were about 40 Members and family present to enjoy the fantastic evening. There were a number of Fliers of lighted planes. Chase Landon shot a video of the planes flying at night with his drone and a Go-Pro camera. We even had a county council member show up!! It was a great time for all and another time for the wives to get together. The weather was perfect and the last members were leaving the field about 10pm. Chases Video is on the website on the video page and I have updated the pictures page with all of the pictures from this great event. Thanks to Doug for the great cooking !!!!!
