## PRESIDENT'S CORNER

### "Da Prez Sez"

Greetings all: What a stinky month for flying we just finished! Jan & I were talking and were thinking about our last family club event. Yes, the March meeting at Village Pizza. How I long for a buffet pizza gathering again. So what is new here... Garage Cleaning. Boy, do I have a stack for RC projects (LOL). So time to prioritize. 1st, the favorite planes that need hanger rash repair. 2nd, the next building projects. 3rd, We need a Spring Swap Meet. How about you? What have you spent the month doing, building, or watching RC flying on Youtube? Good article on using a meter to check batteries, correct motor, and correct ESC for that prop change in the Feb magazine. I appreciate all the members that explain what is good and bad as I look at the readings. (Even if I need a spring refresher) (Every year I need that refresher.) See you on Zoom for our next meeting March 1.
